

REPORTING SEXUAL MISCONDUCT

HOW TO REPORT

Immediately report incidents of sex discrimination, sexual harassment (including sexual violence) or sexual misconduct to the Title IX Coordinators or to any College employee or RA who is then responsible for promptly notifying a Title IX Coordinator.

- Title IX Coordinators use discretion and seek to protect the privacy of all persons involved in complaints of sexual misconduct.
- Victims of sexual violence may contact Campus and Public Safety 24 hours a day at 724-223-6032 or by dialing 911 from a campus phone. Calling 911 from a cell phone will route calls to Washington County 911.
- In an emergency, victims can also call the Crisis Hotline: 724-223-6500
- Unless explicitly stated, all other persons or entities on campus are **not** confidential and may have an obligation to report your disclosure to the Title IX Coordinator.
- Prompt reporting is encouraged.
- No employee (other than law enforcement) is authorized to investigate or resolve reports of sexual misconduct without the involvement of a Title IX Coordinator.
